

Hydrite to Offer Antibiotics Product Line through Partnership with Archangel

Hydrite Chemical Co., an integrated manufacturer and supplier of chemicals and related services, is pleased to announce its partnership with Archangel and expand its product offering to include a full-line of antibiotics for the biofuels industry.

Hydrite is proud to add antibiotics to its existing product line which includes antibiotic-free and antimicrobial solutions. Hydrite offers both antibiotic and non-antibiotic antimicrobial technology for fermentation, propagation, and upstream and downstream ethanol processes.

Hydrite's products and unique formulations serve the ethanol industry in a variety of applications. Hydrite provides fully integrated lab services designed to help solve the toughest formulation issues and provides professional reports detailing the results and solution recommendations.

Scott Cumming, Biofuels Market Manager for Hydrite, commented, "Our partnership with Archangel is a testament to our commitment to offer quality materials and services to our customers. Hydrite and Archangel have built a successful business partnership to now include antibiotics products to better serve the growing needs of new and existing customers in the biofuels industry."

Allen Ziegler, CEO of Archangel Inc. stated, "The partnership between Hydrite and Archangel forms one of the most comprehensive product portfolios in the biofuel industry, and further extends Hydrite's technical and onsite service capabilities."

Hydrite has developed a reputation within the industry for providing the distinct combination of excellence in chemical manufacturing and distribution with the most comprehensive level of technical expertise available. To learn more, visit www.hydrite.com or call 262-792-1450.

About Hydrite Chemical Co.

Hydrite, a family-owned company established in 1929, is one of the largest independent providers of chemicals and related services in the United States. Headquartered in Brookfield, Wisconsin, Hydrite has a network of manufacturing facilities, warehouses, and laboratories located in Illinois, Wisconsin, Iowa, Indiana, California, and Texas with nearly 1,000 employees in 25 states. Hydrite owns and operates a private fleet of over 255 units including tractors, van trailers, tankers, and railcars.

Hydrite offers expertise in chemical distribution and manufacturing, food and dairy sanitation, organic processing, liquid sulfites, foam control, water treatment, and compliance management services.

With over 5,000 items in its product portfolio, Hydrite's dedicated chemists, engineers, and technical service staff have extensive knowledge and experience to solve the most challenging formulation problems. Hydrite has a strong commitment to quality and customer responsiveness, and offers superior products and innovative solutions.

About Archangel

Archangel Inc. specializes in antimicrobial technology including proprietary antibiotic free, inorganic and antibiotic formulations. With over 25 years' experience developing and applying antimicrobials, Archangel provides options to customize unique antimicrobial programs tailored to plant needs.

Headquartered in Highlands Ranch, Colorado, Archangel holds numerous antimicrobial and process patents, and through an innovative and comprehensive approach, is rapidly being recognized as the company to turn to for the best bacterial control.

Archangel's exclusive, patent-pending packaging reduces chemical exposure to plant personnel while preserving the integrity of the product.

Archangel's complete product line caters to the biofuel, beverage alcohol, aquaculture, and agriculture industries, in addition to its technical and laboratory services to meet the unique and specific needs of its customers.
