

FOAM CONTROL

► ADHERING TO THE NEW FOOD SAFETY STANDARDS

Hydrite has launched a SQF (Safe Quality Food) initiative company-wide, which meets GFSI (Global Food Safety Initiative) requirements. Our programs and products comply with the requirements of the Food Safety Modernization Act. We have a rigorous vendor and raw material approval program to make sure you are receiving the best product possible.

Hydrite manufactures defoamers under:

- cGMP (current Good Manufacturing Practices)
- ISO 9001 compliant quality system
- Current HACCP analyses for manufacturing processes

Hydrite was founded in 1929, and is one of the largest chemical distributors in North America, with 17 locations across the United States. We are proud to be the chemistry partner of successful manufacturing companies across the world.

Providing Creative Solutions
