

PET FOOD INGREDIENTS

Presented by HydriPet™

PET FOOD INGREDIENT SOLUTIONS

Hydrite is a single source provider of food grade ingredients to the pet food industry. What sets us apart from other ingredient manufacturers/distributors is our ability to be your “one-stop-shop” for all things chemical; one company, one shipment, one contact, and one purchase order. You will benefit with our:

- Extensive R&D facility
- Plant-wide offering
- Ability to bundle products for cost savings
- Strong raw material purchasing power
- Privately-owned fleet for on-time delivery and quality control
- Products manufactured under cGMPs and Quality Management Systems

INGREDIENTS

We produce and/or distribute an extensive line of food ingredients and preservatives, all backed by Hydrite’s reputation for consistent quality.
