

Waste and Recycling Solutions

When you select Hydrite Chemical Co. you can be assured that your waste is being professionally managed in full compliance with all federal, state, and local environmental regulations. As a no landfill company, we provide our customers with creative recycling and reuse solutions.

Government regulations for waste management and treatment technologies can be confusing. At Hydrite, we can offer our customers environmental compliance and management services that are custom designed to fit every aspect of your company's needs, including support of RCRA, OSHA, DOT, and SARA.

Hydrite owns seven treatment, storage and disposal facilities (TSDF) conveniently located throughout the Midwest, including a Part B permitted recycling facility in Cottage Grove, Wisconsin.
